

LIMITED WARRANTY

All products manufactured by Hydrocore Limited (“**Hydrocore**”) have a ONE YEAR warranty (the “**Warranty Period**”) from date of delivery to the end-user (as confirmed by delivery note) against manufacturing defects in material and workmanship which develop in the service for which the products are designed, provided the products were installed and used in accordance with all applicable instructions and limitations issued by Hydrocore.

Hydrocore will, at its sole discretion, repair or replace defective material, free of charge, if returned to Hydrocore’s service centre, transportation charges prepaid, provided that, after Hydrocore’s inspection and review, the material is found to have been defective at time of delivery to the end-user. Hydrocore is not under any circumstances liable in any respect for any defective products beyond the warranty period. Repairs or parts replaced under this warranty are warranted only throughout the remainder of the warranty period.

This warranty does not apply to any product modified or changed in design or function after delivery to the end-user, nor to components which are subject to the warranty conditions of another manufacturer. This warranty does not apply if the product has been altered or repaired by others. Hydrocore will make no allowances or credit for such repairs or alterations unless first authorised in writing by Hydrocore.

Hydrocore is not under any circumstances, including without limitation, any default, negligence or breach of whatsoever nature by Hydrocore, liable, whether during the warranty period or after the warranty period, for any claims for labour, installation costs, damages or other special or consequential damages including, but not limited to, loss of revenue or profits, or any other expenses incurred by reason of any products found to be defective. Hydrocore is not liable for any incidental or consequential loss, damages or expenses (including loss of use) caused by any defects in the Product, by repair of it or arising directly or indirectly from its use. Hydrocore is not liable for any damage or charge for labour or expense in making unauthorised repairs or adjustments to any product. Hydrocore is not liable for any damage or charges sustained in the adaptation or use of its engineering data and services.

No representative of Hydrocore has authority to change any of the foregoing terms or to assume on behalf of Hydrocore any additional liability or responsibility in connection with any product without prior written consent.

This warranty is conditional upon the purchaser giving Hydrocore immediate written notice of discovery of the defect.
